DESCRIPTION

A grand colonial-era manor house steeped in history, Inkaterra La Casona is an exclusive boutique retreat. Located on the charming Plaza Las Nazarenas in the heart of the city's historic centre, it was formerly the private pad of Spanish conquistadors. Today the meticulously restored 16th century abode is a national historic monument and hides 11 sumptuous suites around a grassy, arcaded courtyard patio. Replete with exquisite antiques and traditional warm-hued textiles, characterful original features are complemented by contemporary comforts of underfloor heating and decadent bathrooms. The personalised service of Peru's first luxury Relais & Chateaux property is that of an intimate, private home, providing the perfect hideaway to discover the imperial city of the Incas
