HACIENDA CONCEPCION
TAMBOPATA - PERU

A 20-min boat ride will take you to this rustic chic, eco-luxury lodge, sensitively established in front of the Tambopata National Reserve and within walking distance from the beautiful and solitary Lake Sandoval, an oxbow-shaped water mirror inhabited by howler monkeys, caimans and gian river otters. Inkaterra Hacienda Concepcion seeks to cater for nature-loving enthusiasts who come to the region in search of a memorable 'full-immersion' experience in the midst of the Amazon rainforest.

WATCH VIDEO

“Inkaterra Lodges, Puerto Maldonado – Inkaterra Hacienda Concepción lets you enjoy amazing views – this is not your average sunroom. There are now seven iterations of the incredible Inkaterra hotel franchise, and it all started deep in the Peruvian Amazon. Inkaterra has been leading the way for ecotourism in Peru since the 70’s, achieving carbon neutrality before it even became a buzzword – way back in 1989.”

The design combines classic rainforest hacienda furniture with modern more casual features to create a comfortable, fresh but stylish environment.

Bonfire Stories

ALTITUDE INDEX

Self-financed via ecotourism, NGO Inkaterra Asociación (ITA) performs scientific research since 1978 to define natural areas where Inkaterra hotels are established.

Inventories on flora and fauna set a benchmark to compare the brand's future impact. A total of 814 bird species, 365 ant species (world record sponsored by Harvard Professor E.O. Wilson), 313 butterfly species, 100 mammal species and 1266 vascular plant species have been registered within hotel grounds and surroundings, as 28 species new to science have been described: 20 orchids, 5 amphibians, 1 butterfly, 2 bromeliads and 1 tropical vine.
